Relevant work experience

Subject Matter Expert: (Course Developer & Instructional Designer) | University of Washington Department of Medicine | Seattle, WA 06/2025 - Present
Hours per week: 14
Series: 0002 - Grade: ES-1

Conceptualized, designed, and authored ~ 85% of the foundational lecture materials, syllabi, and instructional frameworks for BIOCHEM 1070 and BIOCHEM 1090. GS-0002 Special Master (Judicial/Investigative Oversight) position with the Food and Drug Administration (FDA)

Owner | Seattle Data Recovery | Seattle, WA 01/2020 - Present
Hours per week: 4

<https://seattledatarecovery.com> 2025 Consumer Choice North America Business Excellence Award Winner for Data Recovery Services.

Orthopedic Recovery Doctor and Concussion Specialist | Seattle Seahawks | Newcastle, WA 07/2015 - Present
Hours per week: 10

Nutritional Protocol Design: Developed and implemented comprehensive, integrative nutritional regimens for elite NFL athletes to optimize muscle recovery, joint health, and peak on-field performance.

Targeted Supplementation: Administered curated dietary programs utilizing pea protein, creatine, L-glutamine, and targeted electrolytes to maximize hydration and physical endurance during the NFL season.

Injury Mitigation Strategies: Formulated preventative musculoskeletal care strategies, utilizing calcium and magnesium for bone density support alongside collagen for joint restoration and player career longevity.

Neuro-Protective Research (Fenugreek): Pioneered experimental dietary protocols integrating fenugreek, utilizing its anti-inflammatory properties to investigate potential preventative measures for concussion management and long-term brain health.

Owner | Revolutionary Technology | Seattle, WA 11/2006 - Present
Hours per week: 6

<https://revolutionarytechnology.net> Revolutionary Technology is a data center contractor from Seattle, Washington. Revolutionary Technology provides professional onsite and remote network administration for large data centers. Revolutionary Technology specializes in developing, building, and maintaining quantum networks and supercomputers for the U.S. government.

Fleet Admiral O11 | United States Navy - USSOCOM | Falls Church, VA 09/1998 - Present
Hours per week: 18
Series: 0602 - Grade: ES-5

Executive Commander of Naval Material (Naval Material is now a department of the ONR). Served as Deputy Commander under Admiral Steven A. White for over a 14-year tenure. Spearheaded strategic deployments of military healthcare personnel to American medical universities, fostering cross-functional research collaboration, enhancing trauma care education, and integrating military medical expertise into academic settings.

Technology Integration Specialist | National Aeronautics and Space Administration (NASA) | Pasadena, CA 06/1993 - Present
Hours per week: 2
Series: 1330 - Grade: ES-3

Conducted groundbreaking physics research on the application of sound waves and Fleming's right-hand rule to create rotational motion within gases, contributing foundational research to high-thrust for NASA's Pulsed Plasma Rocket (PPR) project. Partnered with NASA's Johnson Space Center and General Motors to advance the Robonaut series, facilitating the transition of high-tech military robotics into aerospace applications. Supported the integration of advanced sensory suites (Carnegie Robotics Multisense SL) and elastic actuators.

Education, certification or licenses

Green River College | Seatac, WA Completion date: 06/2025
Technical or occupational certificate | GPA: 4.0 of a maximum of 4.0
Major: Basic Aviation Knowledge Honors: Summa Cum Laude

KU Academy of Medical Educators / National Bio and Agro-Defense Facility | Manhattan, KS Completion date: 06/2023
Professional degree (e.g. MD, JD, DDS) | GPA: 4.0 of a maximum of 4.0
Major: Clinician Educator Pathway, The Health Professions Educator Graduate Certificate |
Minor: APHIS NBAF Scientist Training Program | Honors: Magna Cum Laude
